ELEVATED TRAIN SERVICE ON THE EAST SIDE NOT SATISFACTORY-RIKER'S ISLAND STILL OFFENSIVE-SOCIAL INCIDENTS.

Many complaints are made by residents of the northern wards concerning the service on the East Side elevated roads since the passage of the singlefare act. The provision of that act requiring a continuous passage is entirely ignored, and passengers must change cars as before at One-hundred-and-twenty-ninth-st. Trains on the Suburban road do not start on the arrival of the Manhattan trains, and passengers are compelled frequently to wait ten or fifteen minutes. Delays are more frequent and more exasperating than before the single-fare law was enacted. Many persons prefer to leave the elevated road at One-hundred-and-twenty-ninth-st, and use the trolley-cars rather than submit to the annoying delays on the elevated trains. Many North residents who urged the passage of the single-Side residents who urged the passages are she bill believe that the elevated road managers are endeavoring to show that, though they are compelled to reduce the fare, they can make the citizens who advocated the bill suffer for their unfriendly action to the railroad company. The troiley lines have improved their service for the sum-mer months, and although fatal accidents continue to be reported, the number of passengers increases with the dissatisfaction over the delays on the elevated roads.

The contract was let last week for the Fox estate public school. Nearly \$40,000 will be expended in construction. The Bedford Park and Springhurst schools have been definitely decided upon, and the neglected parts of the northwest section of the upper wards will soon have improved school facilities. Estimates will be received this week by Com-nissioner Haffen for grading and paying East One-undred-and-sixty-first-st from Railroad-ave to Morris-ave, and for constructing sewers in Welch-

st, and Union-ave.

The Board of Health reports that the work of disinfection is proceeding, and those who urged the city authorities to act promptly are waiting in the hope that the promises made will be kept.

The E. B. Harper Republican League has already begun preparations for the celebration of its first anniversary in the early part of August. Hugh S. Gambel, E. Benedict Post, L. F. Lawrence and George W. Smith are the members of the committee having charge of the arrangements, Ex-Secretary Tracy, Chauncey M. Depew and many other prominent Republicans have been invited to be present. The anti-Tammany Democratic organizations have increased in number and membership in the upper wards within the last few months. The Tilden Independent Club will hold on Wednesday next a mass-meeting at Washington Hall. John H. Voss is president of the club, Thomas E. Blauvelt first vice-president of the club, Thomas E. The name of General Charles H. T. Collis has been added to the list of candidates for the place. General Collis is a member of the Union League and Republicana clubs, and served on the reorganizing Committee of Thirty. He heads the list of delegates from the XXIVth Assembly District in the County Committee of the George Bliss organization. There was talk of other possible candidates, but the general impression among politicians of all flades yesterday was that General Michael Kerwir's chances were still the best.

ODDS AND ENDS OF SPORTS.

GAMES OF THE ARCHDIOCESAN UNION. GOOD SPORT IN THE CONTESTS AT MANHATTAN

The second annual carnival of sports of the Archdiocesan Union of New-York, took place yesterday afternoon at Manhattan Field. About 1,500 people were present. The officers of the day were: Referee, James E. Sullivan, N. J. A. C.; judges, M. A. Cuming, A. A. A.; A. A. Jordan, N. Y. A. C., and C. J. Harvey, St. S. Y. M. U.; timers, Robert Stoll, N. Y. A. C.; J. C. Spaeth, A. A. A., and C. Dieges, P. A. C.; starter, Samuel D. See; announcer, E. J. Reilly, C. L. and A. S.; referee of cycling, Thomas Ward, Riverside Wheelmen, and marshal, Frank Duffy, St. J. U. The track was fast and in the best of ontestants from out of town were present. sent down a large delegation. Although no records were broken the sport was good. The chief interest centred in the one-mile relay race, and great enthusiasm was aroused by the tug-of-war. The relay race, at a mile, was between the Xarler Club and the Epiphany Club, of this city, and the Catholic Union Athletic Association, of Albany. Each club was represented by four men, who went one lap each. The Albany club won easily, leading each lap and finishing the mile in 3:371-6. The mile walk was too much for the scratch man, D. Fox, of the Spalding Literary Union, and he was never able to catch J. J. Ryan, of the Xaviers, who had 45 seconds and won by 25 yards, and Ward, of Epiphany, was second. The running high jump was almost a walkover for M. F. Sweeney, of the Xaviers, who holds the record, and was the only scratch man in the contest. The thirty-one clubs and societies that make up the union were represented. Father Richard J. Keefe, the president, and the other officers of the union, occupied a box in the grandstand. Music was furnished by the Catholic Protectory Band. Here is a summary of the results of the principal contests:

One-hundred-yard dash, handicap, first two in heats to compete in final—Won by John R. Heebt (4½ yards), Xavier (12th), J. Hendricks (½ yard), Xavier (12th), J. Hendricks (½ yard run, novice, ffirst five men in heat to compete in final—Won by G. V. Lyons great enthusiasm was aroused by the tug-of-war.

Running high jump, handicap—Won by M. F. Sweeney (scratch), Xavier Club; R. C. Foley (7 inches), Cathedral Literary and Athletic Society, second. Five feet eleven inches.

Two-mile bicycle race, handicap, Class A; held under L. A. W. rules Won by G. P. Kuhike (scratch), Cathedral L. and A. S.; N. Connors (169 yards), Xavier Club, second. Time-5:19 2-5.

One-mile relay race. Won by the Catholic Union Athletic Association of Albany, the Xavier Club second and the Epiphany third. Time 3:37 1.5. Four-hundred and-forty-yard run, handicap; first three in each heat to run in final-Won by P. J. Corley (22 yards), Spaiding L. A. W. E. Cheevers (22 yards), Holy Cross Lyceum, second. Time-0.53.2-5. Tug-of-war, teams of four men; limit of 700 pounds-Won by the Epiphany Club.

MISHAPS TO TWENTY-ONE-FOOTERS. THE DOROTHY GETS ON THE ROCKS AND OTHER YACHTS MEET MISFORTUNE AT THE REGATTA OF THE CORIN-

THIAN MOSQUITO FLEET. The second open regatta of the Corinthian Mosquito Fleet came off yesterday outside the New-Rochelle Harbor. There was a nice breeze at the start from the southwest, which later died away. and was succeeded by squalls from the northeast. This developed with a thunderstorm and played havoc with several of the twenty-one-footers. Eight of these now famous liliputians came to the line, in most cases steered by their owners. The Cella and the Dorothy each made their first ap pearance, and both came to grief. The Dorothy got on the rocks near Execution Light and stuck there for several hours, but was ultimately got off without much damage. The Vaquero and the Houri also touched bottom on the same reef, but were not disabled. Mr. Duncan's Hoodoo carried away the main rigging, and was taken in tow by The Cella was obliged to give up for some un-

The starting gun was fired from Commodore Pryer's flagship Eurybia at 1:52:20 p. m. The twenty-one-footers crossed the line in the following order: Mr. Duncan's Hoodoo, W. P. Douglas's Adelaide, W. B. Duryea's Vaquero, H. P. Whitney's Dorothy and William Gould Brokaw's Flirt. It was a reach to the first mark, the buoy to the west of Execution Reef. The Vaquero led around this mink, followed by the Hoodoo and the Adelaide. To Matinnecock was a dead run. All the yachts got out spinnakers to port. The Matinnecock mark was rounded in the following order: Minnetonka, Vaquero, Houri, Adelaide, Flirt and Hoodoo. A thick rain squall came up at this point and shut out the competitors from view for about thirty minutes. When next seen the survivors were discovered reaching for home with the Vaquero in the lead. The Houri was declared the Winner on official time. The Falertha won in the catboat race. The summary is as follows:

The list of competineighbor matters a great deal. The list of competitors in the contest was about half the size of last year's, but as the club has doubled the entrance fee, the players are none the worse off. The best-fought match of the day was between little Holcombe Ward, of Orange, and Robert Hamilton, the strongest player of the Knickerbocker Club. The boy lost to his older antagonist, though he made a galiant struggle to concede the required odds. Hague, of East Orange, and Miles, of Orange, made

William B. Maclay and William A. Wheelock were appointed their successors as trustees of the mortgage. Mr. Maclay has since died and Mr. Wheelock is the only survivor. All the contributors to the fund are also dead. The university is possessed of property worth over a million dollars, and desires to improve the Washington Square property, and to horrow a larger amount of money and wipe out this small mortgage of \$15,000. The amount of the income of the money has been used all these years for the purposes for which the fund was created.

STILL EXAMINING TESTIMONY ABOUT POLICE.

Assistant District-Attorney Osborne continued the

xamination of witnesses yesterday for the coming

trials of police officers for accepting bribes. As-

distant District-Attorney Wellman is still at South-

ampton, and he will probably remain there until

next Tuesday. Mr. Osborne said in conversation yesterday that he would probably examine a dozen

witnesses in the course of the day. Most of them

"that Captain Stephenson, of the Mulberry-st. sta-

tion, is to be the first man called to the bar. If that means that he will be the first to be indicted by the Grand Jury, I doubt the truth of the statement. If it means that he will be the first to be arraigned before the Police Commissioners, that may be true. As to future indictments, I can only say that the examination of witnesses is a slow proceeding, and that there is no Grand Jury in session to-day. Next week there may be some stirring news."

There is still considerable commotion in the District-Attorney's office over the disappearance of the ward man, Kelly, and an active but quiet inquiry is being made for him.

NOTES FROM THE CHESS PLAYERS.

The German Chess Association has just published its programme for the ninth international chess congress, to be held at Lelpsic from September

HUMIDITY AN EFFECTIVE ALLY.

EXTREMELY UNCOMFORTABLE YESTERDAY-

the less unbearable because the record of humidity was unusually high. The record of the thermometer at Perry's, compared with that for the same hours

day, the maximum was six degrees less and the minimum much lower on account of the welcome thunder shower, or, as Sergeant Dunn would say, "the electrical disturbances," that came to town at 5:39 p. m. According to Sergeant Dunn's cool thermometer, the maximum temperature was \$8 degrees minimum, 64, and mean 75, but his record of humidity showed 61 degrees at 8 a.m. and 76 degrees at 6 p. m., which is considerably above the normal point, and at the same hours on the previous day it, was only 59 and 37 degrees. On account of the excessive humidity the prostrations from the heat were more numerous than on Friday, During the thunderstorm, which continued for several hours at brief intervals, a girl was killed by a stroke of lightning at Kingsbridge, and in the course of the day there were many persons prostrated by the heat, but none of the cases have been reported as fatal. During the first thunderstorm the rainfall was great, being 44 inches in less than fifteen minutes.

WORLD'S FAIR AT THE GREAT GARDEN. Art-lovers will have an opportunity of seeing in the Madison Square Garden to-morrow evening a new creation, the scenograph, which Mr. Austen, the well-known cycloramic artist, has just completed. It occupies the entire width of the Garden and is lewed from a grandstand. This scenograph of the World's Fair, at Chicago gives a bird's-eye view of all the buildings and grounds, the spectator looking at the scene fram a point over the lake, upon which excursion boats are moving. The wonderful ingenuity shown in the electrical fountains, the movement of the trains and steamers as they go to and fro, increases the illusion so that the observer can hardly realize that he is not viewing the Fair itself. Every one who was prevented from visiting the Fair should take this opportunity of seeing it. Those who saw it will be glad to view again the place where they spent so many pleasant hours. The scenograph will be on exhibition every afternoon from 2 to 8, and every evening from 8 to 12. The Russian Imperial Court Orchestra has been engaged to give concerts both afternoon and evening, and all that part of the amphitheatre in front of the scenograph will be used as a cafe. The managers design to place this, entertainment within the means of every one, and have wisely decided to make the price 25 cents in the afternoon and 50 cents in the evening. FUN AT THEIR ANNUAL OUTING. The ninth annual outing of the employes of Hackett, Carhart & Co. was held yesterday afternoo

and evening at Ridgewood Park, L. I. About one hundred employes of the firm, together with several hundred friends, made up the jolly party. The programme was in charge of the Mutual Aid, a benefit society, of which nearly all the employes of the firm are members, and whose officers are Charles F. Lehman, president; Edward Hutzleman, vice-president; Charles Nolte, treasurer, and Asron Burnett, secretary. The Committee of Arrangements was composed of John Barry, the former baseball player; Aaron Burnett, R. Carlisle, J. Essig, J. Miller, G. Kurz, J. Pfister, O. Schwertzel and Edward Dillon. A great deal of interest was manifested in the field sports, which began at 5 o'clock. The contests were a quarter-mile run for men, quarter-mile run for boys under fifteen, and a half-mile walk. The prizes were \$\frac{1}{2}\$ to the first and \$\frac{1}{2}\$ to the second. The prizes were \$\frac{1}{2}\$ to the first and \$\frac{1}{2}\$ to the second. The walk william Smith finished first and D. Welss second. J. Simon easily won the half-mile walk, with Louis Eckstein second. The winners were lustily cheered by their friends. Just as the field sports were finished a thunder shower sent the practily dressed women and girls to shelter. The cars kept bringing merrymakers; Frank's orcheatra played popular airs, and when the time came for dancing there was a large crowd. William Coelin and William Hepp were floor directors. A neat sum, which will go to the treasury of the Mutual Aid, was realized from the sale of privileges. Aaron Burnett, R. Carlisle, J. Essig, J. Miller, G.

AND SHE SMILED THROUGH HER TEARS. From The Chicago Tribune. Mr. McSwat-Lobella, we shall have to give up that trip to the seaside. We can't get away on account of the strike.

Mrs. McSwat-It's a shame!

"Yes, it's too bad. But we'll save the money the trip would have cost. That's some comfort."

"Oh, yes! And now I can have those lovely diamond ear-rings you said we couldn't afford on account of our trip to the seaside!"
